How to use: Complete this form in a live discussion with the Team Member. Scores must be evidenced from Portal work (tasks, weekly check-ins, OKRs, feedback, 1:1s, learning). Record the outcome in the Afrivate Portal. Slack coordinates; it does not replace the Portal record. This form does **not** create employment or any right to pay.

This evaluation links role expectations to actual performance. Its purpose is professional development — identifying strengths and improvement areas — and to help leadership assess performance and plan development interventions.

1. TEAM MEMBER DETAILS

Team Member name	Supervisor / Team Lead	Job title	Time in role
Appraisal period	Date of review	Department / team	Engagement type
January – June 2026			<i>Internal Contributor / Employee / Volunteer / Contractor</i>

2. RATING KEY

Use one overall category after calculating the weighted score (Part A + Part B = 100%).

Category	Score (%)	Meaning
Exceeds expectations	75–100	Performance regularly surpasses established standards. Results and impact go beyond a satisfactory level.
Meets expectations	60–74	Competent and successful in the role. Produces intended results and satisfies established standards.
Needs PIP	51–59	Performance requires a formal Performance Improvement Plan (typically three months). Strong improvement may support retention; escalate per AFRI-SWP if not.
Below expectations	26–50	Standards not met due to effort and/or skill gaps. Immediate corrective action is required under progressive discipline.
Termination band	0–25	Unacceptable performance. Subject to fair review and applicable policy; end of engagement or termination may be considered.

3. SCORE WEIGHTING

Performance area	Weight
Part A — Core competencies (role KPIs / deliverables)	60%
Part B — Behavioural competencies	40%
Cumulative total	100%

Aligned with AFRI-SWP: 60% deliverables and output · 40% professional / soft skills.

4. PART A — CORE COMPETENCIES (60%)

List role-specific KPIs in the Description column. Enter the rating as a score within each row's weight (for a 10% row, score 0–10). The supervisor confirms the rating.
