

AFRIVATE ORGANISATIONAL STRUCTURE & ROLE CHARTERS

Document Code	AFRI-ORG-01
Status	Official — Binding
Applies To	All Afrivate Team Members
Compensation Stage	Unpaid internal contribution unless a separate paid instrument exists
Effective Date	2 August 2026
Review Cycle	Every 6 months or at first salary transition
Owner	CEO

Status of titles: Afrivate Technologies Ltd presently operates without payment of salaries or wages to internal Team Members. Titles in this document describe *accountability and decision ownership only*. They do not create employment, partnership, agency, or any right to remuneration. Engagement terms are governed by AFRI-ICEF-01 (and, where applicable, a separate written instrument signed by the CEO).

1. PURPOSE AND EFFECT

This document is the authoritative organisational structure of Afrivate Technologies Ltd (“Afrivate”). It defines pillars, reporting lines, and role ownership.

- For **how work is performed**, the Standard Work Process (AFRI-SWP) prevails.
- For **who may decide**, the Delegation of Authority (AFRI-DOA-01) prevails.
- For **who owns which outcomes**, this document (AFRI-ORG-01) prevails over any informal chart, Slack description, or verbal understanding.

2. DEFINITIONS

TERM	MEANING
Team Member	Any person with an approved Afrivate Portal account who performs Afrivate work, whether unpaid or (if later) paid.
Internal Contributor	A Team Member engaged without current salary or wages under AFRI-ICEF-01.
Employee	A person engaged under a written paid employment contract or offer signed by the CEO (or authorised signatory). No person is an Employee merely by title, tenure, or Portal role.
Pillar	One of the functional domains listed in §3.

TERM	MEANING
Pillar Head	The person recorded in the Portal as head of the corresponding department (or otherwise designated in writing by the CEO).
Team Lead	A person recorded in the Portal as lead or assistant lead of a team, operating under AFRI-TLOP-01.
Writing / written	Email from an @afrivate address, a Portal Memo, or a signed PDF/HTML instrument — not WhatsApp alone.

3. STRUCTURE

AfriVate is organised into the Leadership Office and six pillars. Each Pillar Head reports to the CEO unless the CEO designates otherwise in writing.

UNIT	ACCOUNTABLE OWNER	SOLE PURPOSE
Leadership Office	CEO; supported by Chief of Staff / Operations (may dual-hat)	Strategy, culture tone, capital/runway decisions, cross-pillar rhythm
Product & Technology	Head of Product & Technology	AfriVate product platforms (including Team Space), roadmap, reliability, security
Community & Opportunity	Head of Community & Opportunity	Pathfinder ↔ Enabler opportunity quality and mission outcomes
Growth & Partnerships	Head of Growth & Partnerships	Enabler acquisition, partnerships, and sustainability pipeline
People & Culture	Human Resources Manager	Talent systems, policies, engagement, L&D, people records via Portal
Finance & Administration	Head of Finance & Administration	Cash stewardship, books, compliance, vendor and contract administration
Brand & Communications	Head of Brand & Communications (or, until appointed, Growth jointly with Product Design as designated by the CEO)	External narrative, brand standards, employer brand assets

4. SINGLE-THREADED OWNERSHIP

Every material outcome has one accountable Pillar Head. Cross-pillar work may use temporary goal teams, but accountability remains with the named Pillar Head unless the CEO reassigns it in writing. Dual-hat arrangements are permitted only if the primary pillar is recorded in the Portal Directory.

5. ROLE CHARTERS — ACCOUNTABLE OWNERS

CEO

Owens: Vision; final strategy; culture tone; appointment and removal of Pillar Heads; final people decisions of material consequence; authority to bind AfriVate to salary, equity, or cash commitments.

Does not: Replace Pillar Heads on ordinary pillar decisions within AFRI-DOA-01.

Chief of Staff / Head of Operations (optional dual-hat)

Owens: Leadership cadence; decision log; follow-through on CEO commitments; coordination across pillars.

Does not: Exercise CEO decision rights, or override a Pillar Head, unless the CEO has granted that authority in writing for a defined matter.

Head of Product & Technology

Owens: Product roadmap sequencing; engineering standards; production reliability; security baseline for AfriVate systems.

Typical reports: Frontend Engineer; Backend/Platform Engineer; Product Designer.

Does not: Approve cash spend, sign partner agreements, or promise employment/remuneration.

Head of Community & Opportunity

Owens: Opportunity quality standards; matching and placement outcomes; community health metrics for Pathfinders and Enablers within AfriVate programmes.

Does not: Own the product backlog or bind AfriVate financially.

Head of Growth & Partnerships

Owens: Enabler and partner pipeline; partnership process up to signature-ready drafts; conversion metrics.

Does not: Sign MoUs/agreements (CEO only, unless DOA says otherwise); promise product features without Product Head written concurrence.

Human Resources Manager

Owens: Policy stewardship; Portal people systems; recruitment administration; L&D; surveys; engagement; progressive discipline process administration.

Does not: Replace Team Leads' duty to conduct 1:1s and OKR coaching for their reports.

Head of Finance & Administration

Owens: Books; expense and vendor control; runway reporting to the CEO; statutory readiness — including while salaries are zero.

Does not: Authorise spend without CEO approval where AFRI-DOA-01 so requires.

6. PORTAL IS CONCLUSIVE FOR ASSIGNMENTS

Department, job title, reports-to, Team Lead, and Pillar Head designations in the AfriVate Portal are conclusive as between Team Members for day-to-day authority, unless corrected by People & Culture or the CEO. A Slack claim of authority that contradicts the Portal is void.

7. HIRING SEQUENCE (INTERNAL GUIDANCE)

AfriVate fills capacity in this order unless the CEO decides otherwise in writing: (1) critical Pillar Heads and essential ICs for Product, Community, Growth, People, and Finance; (2) depth roles when a Pillar Head is overloaded; (3) Brand Head and specialist roles when volume requires them. Premature C-suite titles (COO, CFO, CRO) are not used until the CEO creates them in writing.

GOVERNING LAW AND GENERAL

- **Governing law:** This document is governed by the laws of the Federal Republic of Nigeria. Subject to any mandatory forum rules, the courts of the Federal Capital Territory, Abuja, have jurisdiction over disputes arising from it.
- **Severability:** If any provision is held invalid or unenforceable, the remaining provisions continue in full force.
- **No waiver:** Failure by AfriVate to enforce a provision is not a waiver of that provision or any other provision.
- **Amendments:** Only the CEO (or a person the CEO expressly authorises in writing) may amend this document. The binding version is the version published under Portal → Resources (or the master copy designated in AFRI-ODR-01). Informal messages do not amend policy.
- **Acknowledgement:** Portal acknowledgement constitutes the Team Member's confirmation that they have read, understood, and agree to comply. Continued access after the effective date constitutes notice of the terms; acknowledgement remains mandatory within seven (7) official work days of access approval or of a material update notice.

Issued for and on behalf of AfriVate Technologies Ltd,

Joshua Oluwasujibomi Komolafe

Chief Executive Officer
