

AFRIVATE NEW TEAM MEMBER ONBOARDING KIT

Document Code	AFRI-ONB-01
Status	Official — Operational playbook (not a policy)
Applies To	People & Culture, Team Leads, and new Team Members
Effective Date	25 August 2026
Owner	People & Culture
Related	AFRI-EOH-01 · AFRI-SWP · AFRI-ICEF-01 · AFRI-TLOP-01 · AFRI-ODR-01

How to use this kit: People & Culture runs the process. The Team Lead owns Day 1 work and KPIs. The new joiner completes Portal Getting started. This kit does **not** create employment or any right to pay. Most Afrivate Team Members are Internal Contributors under AFRI-ICEF-01 (unpaid). “Employee” in any older form means Team Member. AFRI-SWP, AFRI-ICEF-01, and AFRI-EOH-01 prevail on conflict.

1. PURPOSE

This Onboarding Kit is the operational playbook for bringing a new Team Member onto Afrivate systems, standards, and work. It packages the official instruments already in force and tells People & Culture, Team Leads, and the joiner **who does what, in what order, and in which system**.

The joiner-facing orientation document remains **AFRI-EOH-01** (Team Member Onboarding Handbook). This kit is the runbook that makes that handbook happen.

- **Slack** coordinates (questions, introductions, Day 1 welcome).
- **Portal** (portal.afrivate.org) records (access, tasks, acknowledgements, check-ins, OKRs, leave, learning).
- **Email** issues the engagement letter and formal welcome.
- **WhatsApp** is informal or emergency contact only — never for leave, policy acknowledgement, or people processes.

2. CHOOSE THE ENGAGEMENT TRACK FIRST

Do not start Portal access until People & Culture has confirmed the track and the written instrument is ready to send. The track determines which documents are issued.

Track	Written instrument	Typical use
A — Internal Contributor	ICEF Engagement Letter, issued under AFRI-ICEF-01	Unpaid internal placement (majority of joiners)

Track	Written instrument	Typical use
B — Internal Contributor with equity	ICEF Engagement Letter with CEO-approved stipend/equity clauses + Share Option Agreement when executed	Core-team placements with ESOP participation
C — Paid employment	Written employment contract signed under AFRI-DOA-01	Only when a paid contract actually exists
D — Team Lead / Assistant Lead	Track A, B, or C <i>plus</i> AFRI-TLOP-01 and AFRI-DOA-01 acknowledgement	Anyone assigned lead functions in the Portal Directory
E — External volunteer / partner collaborator	Placement terms + AFRI-VCC (not ICEF)	External programme placements, not internal operators

Hard rule: Portal access, a job title, or Slack membership never creates employment, salary, stipend, or equity. Only a written instrument signed by the CEO (or a person the CEO has expressly authorised in writing) can do that.

3. DOCUMENT PACK — WHAT TO ISSUE

Issue documents as Portal → Resources items with **Requires acknowledgement** where the table says “Acknowledge”. Master copies live in the official repository; the staff-facing binding copy is the Portal version with the matching Document Code.

3.1 Every internal Team Member (Tracks A–D)

Code	Document	When	Action
—	Engagement letter (or employment contract for Track C)	Before or on Day 0	Email PDF; keep signed copy
AFRI-EOH-01	Team Member Onboarding Handbook	Day 1–2	Acknowledge
AFRI-SWP	Standard Work Process	Day 1–2	Acknowledge
AFRI-ORG-01	Organisational Structure & Role Charters	Day 1–2	Acknowledge
AFRI-LAP-01	Leave and Absence Policy	Day 1–2	Acknowledge
AFRI-PUG-02	Portal User Guide (Staff)	Day 1–3	Read (procedural; acknowledgement optional)
—	Slack House Rules (pinned in #announcements)	Day 1	Read the pin; acknowledgement is still via Portal policies

3.2 Add by track

Track	Also issue
A and B	AFRI-ICEF-01 Internal Contributor Engagement Framework — acknowledge
B	Formal Share Option Agreement when executed (CEO / Decision Class A). The engagement letter is a summary only until that agreement is signed.
C	Paid employment contract. Do <i>not</i> issue AFRI-ICEF-01 as the governing engagement framework.
D	AFRI-TLOP-01 Team Lead Operational Playbook and AFRI-DOA-01 Delegation of Authority — acknowledge. Also give AFRI-PUG-03 (Team Lead Portal guide).
E	AFRI-VCC Volunteer Code of Conduct instead of ICEF. Do not treat as an internal operator.

Deadline: the joiner must acknowledge each applicable document in Portal → Resources within **seven (7) official work days** of access approval (or of a material update notice), per AFRI-EOH-01 and AFRI-ODR-01.

4. WHO OWNS WHAT

Role	Owns	Must not
People & Culture	Track confirmation; engagement letter; Portal user, department, job title, reports-to; Slack invite; document pack; acknowledgement chase; onboarding progress in Getting started → Manage content	Promise pay, stipend, or equity that the CEO has not approved in writing
Team Lead	Day 1 welcome on Slack; first Portal tasks with outcome, deadline, and success criteria; Agreed Capacity; 3–5 KPIs in Growth → OKRs; first-week 1:1; leave recommendation later as needed	Create, change, or discuss as binding any salary, stipend, equity, or end of engagement
New joiner	Portal Getting started checklist and videos; Slack profile; policy acknowledgements; My Info; first weekly check-in; honest blockers	Treat WhatsApp or a Slack message as a Portal submission, leave approval, or policy acknowledgement
CEO	Cash Commitments, equity grants, paid contracts, and any exception to this kit	—

5. TIMELINE AT A GLANCE

Window	Official work days	Outcome
Pre-start	Before Day 1	Track confirmed, letter sent and accepted, Directory fields ready, Slack invite queued
Day 0	Access day (may be the same as Day 1)	Portal account approved; Slack invite sent; welcome email sent

Window	Official work days	Outcome
Day 1	First official work day	Signed in; profile and Slack live; videos started; Team Lead has assigned first tasks
Day 2	Second official work day	Required policies acknowledged (or clearly in progress); tasks clarified
Days 3–4	Third and fourth official work days	Agreed Capacity and 3–5 KPIs recorded in Portal OKRs; execution started
Days 5–7	Rest of first official week / next week as needed	First weekly check-in submitted; learning started if assigned; blockers raised
Days 8–30	Weeks 2–4	Rhythm without reminder; at least one visible outcome per KPI cycle where applicable

Official work days are **Monday to Thursday** unless a written/Portal schedule says otherwise. Friday–Sunday are not official work days. Core hours are the contiguous window the Team Lead records for the team (typically 10:00 AM – 4:00 PM WAT unless agreed otherwise in writing). Acknowledge official Slack messages within **four (4) hours** during official work days and core hours.

6. PEOPLE & CULTURE — PRE-START CHECKLIST

Complete before sending the Slack invite. Tick in this kit or copy into a Portal task for the onboarding coordinator.

☐ Step	System
☐ Confirm track (A–E) with the hiring manager / CEO as required by AFRI-DOA-01	Written / Portal
☐ Prepare the engagement letter or contract from the current template; insert name, role, reports-to, start date, Agreed Capacity notes	Email PDF
☐ Send the letter for signature; file the accepted copy in the HR vault	Email + Drive
☐ Create or approve the Portal user: department, job title, reports-to, start date — Directory is conclusive for day-to-day authority	Admin → Users / Employees
☐ Confirm required Resources are published with acknowledgement enabled (pack in §3)	Portal → Resources
☐ Queue Slack workspace invite to the work/personal email on file	Slack Admin
☐ Issue @afrivate email if authorised for this role; otherwise record that Portal + Slack use the address on file	IT / Admin
☐ Notify the Team Lead of start date, track, and that first Portal tasks must be ready on Day 1	Slack

☐ Step	System
☐ Send the welcome email (Appendix A or B) with Portal URL, Slack join instructions, and what Day 1 looks like	Email
☐ If a learning assignment applies, create it in Portal → Learning with a deadline	Portal

7. DAY 0 — ACCESS

1. Approve Portal access. The joiner should be able to sign in at **<https://portal.afrivate.org>**.
2. Send the Slack invite. Ask them to use their real name and a professional photo before posting.
3. Do not treat access as complete until they can open Getting started, Resources, My work, and Directory.
4. If access fails, People & Culture owns the fix the same official work day — do not leave the joiner waiting on WhatsApp.

8. NEW JOINER — DAY 1 TO DAY 7

This is the same roadmap as AFRI-EOH-01 §§12–13, written as a working checklist. The Portal Getting started list is the live tracker; this table is the full standard.

8.1 Day 1 — Access and orientation

☐ Joiner action	Where
☐ Sign in to the Portal	portal.afrivate.org
☐ Complete My Info (photo, phone, emergency contact, bio)	People → My info
☐ Confirm Directory shows the correct department, job title, and reports-to; notify People & Culture immediately if any field is wrong	People → Directory
☐ Watch Getting started videos and mark them watched	Getting started
☐ Join Slack; set real name and profile photo; turn on DM and @mention notifications	Slack
☐ Read the Slack House Rules pin in #announcements	Slack
☐ Say hello in the team channel and message the Team Lead that you are on Slack	Slack
☐ Bookmark the Portal	Browser
☐ Configure @afrivate email if issued	Email

8.2 Day 2 — Policies and systems

☐ Joiner action	Where
☐ Acknowledge required policies (pack in §3 for your track)	Resources
☐ Read AFRI-PUG-02 (Staff Portal User Guide)	Resources

☐ Joiner action	Where
☐ Open assigned tasks; ask the Team Lead to clarify outcomes and deadlines on Slack, then confirm the Portal task is accurate	My work + Slack
☐ Locate department resources and templates	Resources

8.3 Days 3–4 — Goals and rhythm

☐ Joiner action	Where
☐ Agree Agreed Capacity with the Team Lead (hours/days or outcome load). It must be recorded in writing or in the Portal — not as an informal “always available” expectation	Slack then Portal
☐ Agree 3–5 measurable KPIs; record them in Growth → OKRs with a number, date, or verifiable outcome	People → Growth
☐ Confirm core hours and meeting cadence with the team	Slack
☐ Start first tasks; update Portal status on every official work day you touch the work	My work

8.4 Days 5–7 — First reporting cycle

☐ Joiner action	Where
☐ Submit the first Weekly check-in on schedule, even if progress was limited (explain why)	Weekly update
☐ Complete any assigned learning or survey, and submit evidence in the Portal where required	People → Learning / Surveys
☐ Attend team meetings and townhalls as scheduled; notify the organiser before start if you cannot attend	Calendar + Slack
☐ Raise blockers early. Waiting silently past a deadline is not acceptable	Portal task + Slack

9. TEAM LEAD — FIRST-WEEK CHECKLIST

Governed by AFRI-TLOP-01. A Slack welcome is not a substitute for Portal tasks.

☐ Lead action	When
☐ Have at least one complete Portal task waiting on Day 1 (title, outcome, owner, priority, deadline, success criteria)	Before Day 1
☐ Send the Day 1 Slack DM (Appendix C) and introduce them in the team channel	Day 1 morning
☐ Walk through how the team uses Slack vs Portal vs Drive	Day 1
☐ Agree Agreed Capacity and core hours; write it down	Days 1–3
☐ Agree 3–5 KPIs and confirm they appear in Portal → Growth → OKRs	Days 3–4

☐ Lead action	When
☐ Hold a first 1:1; log it in the Portal if the 1:1 workflow applies to your team	First week
☐ Check Getting started progress; ping People & Culture if videos or acknowledgements are stalled after Day 2	Day 3
☐ Do not promise pay, stipend, equity, or "you're hired as staff" unless a CEO-signed instrument already says so	Always

Completeness gate (AFRI-TLOP-01): A task missing outcome, owner, priority, or deadline is not valid assigned work until corrected. Do not give Day 1 work only as a Slack paragraph.

10. DAYS 8–30 — SETTLING IN

- Weekly check-ins without reminder.
- Reliable Slack responsiveness during core hours (four-hour rule).
- At least one visible outcome per KPI cycle where applicable.
- Surveys, feedback, and learning assignments completed on time.
- Help requested through the correct channel before a commitment is missed.

People & Culture reviews Getting started completion in the Admin / Manage content view during week 2. Incomplete acknowledgements after seven official work days are a compliance follow-up, not a casual reminder.

11. ONBOARDING COMPLETE — THE GATE

People & Culture may mark onboarding operationally complete when all of the following are true:

1. Portal Getting started videos and checklist are complete (or remaining items are waived in writing by People & Culture).
2. Required policy acknowledgements for the joiner's track are recorded in Resources.
3. Directory (department, job title, reports-to) is accurate.
4. My Info includes a usable phone number and emergency contact.
5. Slack profile is set; joiner is in the correct team channels.
6. At least one Portal task has been updated by the joiner.
7. 3–5 KPIs exist in Growth → OKRs.
8. One Weekly check-in has been submitted.

Completion of this gate does not end probation-style review where AFRI-ICEF-01 or a paid contract provides for periodic review. It only means systems onboarding is done.

12. GETTING HELP

1. **Task or delivery** → Team Lead (Slack + Portal task comment).

2. **Access, policy, leave, learning** → People & Culture / hr@afriate.org (operational inbox also: afrivatehr@gmail.com).
3. **Conduct or safety** → Portal → People → Growth → Speak up, or HR if Speak up is unavailable.
4. **Critical operational crisis** → Team Lead immediately; escalate per AFRI-SWP if unresolved within sixty (60) minutes.

APPENDIX A — WELCOME EMAIL (TRACK A, INTERNAL CONTRIBUTOR)

Copy from docs/official/hiring/onboarding/Afrivate-Welcome-Email-ICEF.txt

Subject: Welcome to AfriVate — your first days

Use after the engagement letter has been sent. Replace bracketed fields. Do not attach policies to email if they are already in Portal Resources — point the joiner there so acknowledgement is tracked.

APPENDIX B — WELCOME EMAIL (TRACK B, EQUITY CORE TEAM)

Copy from docs/official/hiring/onboarding/Afrivate-Welcome-Email-Equity.txt

Same structure as Appendix A, with an extra paragraph that the stipend and equity terms in the letter are the only current commitments, and that the Share Option Agreement (when issued) governs the option.

APPENDIX C — TEAM LEAD DAY 1 SLACK DM

Copy from docs/official/hiring/onboarding/Afrivate-Day1-Slack-DM.txt

Send as a Slack DM, not WhatsApp. Then post a short team-channel intro (name, role, that they are starting today).

APPENDIX D — INFORMAL WHATSAPP ONLY

Copy from docs/official/hiring/onboarding/Afrivate-Welcome-WhatsApp-Informal.txt

Use only if the person is not yet on Slack or email delivery failed. The message must send them to Portal and Slack. Do not run onboarding on WhatsApp.
